

Event:

N-crypton is a must for all cryptography enthusiasts. It will test one's ability to decipher codes and mathematical acumen.

This event will consist of two rounds-prelims and finals. Both the rounds will be pen and paper based. This is a team based event, so participants will have to participate in teams of two or three. Top 50 teams will qualify for the second round of the event. Top three performing teams of the second round will be awarded a cash prize. There is no predefined marking scheme, and weightage of marks will depend on the level of difficulty of a question.

Regional rounds for this event will be conducted in various colleges of Hyderabad and the winners of the Regional rounds will gain a direct entry into the finals.

Guideline:

- Participants must be present at the venue five minutes prior to the scheduled time for the event.
- Late comers won't be allowed to participate in the event.
- Participants can come in group of three, two or single(Although we recommend you make a group of 3)
- There will be two rounds. Each round will be for one hour.
- Participants will have to answer the questions in the blank space provided in the question paper. No separate answer sheets will be provided.
- Use of mobile phones, calculator or any other gadget is strictly prohibited.
- The organizers decisions will be final in case of a dispute/malpractice.
- Rough sheets will be provided, which has to be submitted after the event is concluded.
