

## **ATMOS-CODEJAM**

### **Event Description:**

Codejam is the premier coding contest of BITS Pilani Hyderabad Campus conducted every year at ATMOS. You are free to code in any of a long list of languages. There is individual participation and you will be majorly judged in mathematics and understanding and implementation of algorithms. There will be one round that aims at determining the best coders.

### **Round:**

The round will be a 3 hour long online round and will be held prior to ATMOS. Coders from around the globe will compete against each other. The top 3 will receive cash prizes and the immense reverence associated with it.
